## **DETAILED ACTION**

### ***Response to Amendment***

The Amendment, filed on September 8, 2003, has been entered and acknowledged by the Examiner.

### ***Allowable Subject Matter***

Claims 1-12 and 14 are allowed over the prior art of record.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1 and 14, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claims 1 and 14, and specifically comprising the limitation of two glass plates enclosing at least one array of fibers, which serves to form a structure within the display, where one of the two glass plates is larger than the other in all directions in a plane of the glass plates.

Regarding claims 2-11, claims 2-11 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Regarding claim 12, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 12, and specifically comprising the limitation of a vacuum tube, a tube panel junction in the flat panel display that receives the vacuum tube, a glass washer over the vacuum tube, and a glass frit that is forced to flow between the glass washer and the flat panel display such that a seal between the vacuum tube and the flat panel display is created.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
